

STEAM After Care Program

...inspire the next generation of innovators!

SciGenius is partnering with King Abdullah Academy (KAA) to provide STEAM (Science, Technology, Engineering, Art & Math) aftercare programs for K - 7th grade students.

Our educational programs are designed to impact young minds through fun, hands-on activities infused with the spirit of innovation. Our programs entail teaching kids the fundamentals of coding, robotics, digital art and math by our expert educators and having fun while learning.

Pricing: \$24 per 2 hour session.

Discount Pricing: \$20 per 2 hour session, when you purchase 6 or more sessions for the month of September.

Program Starts
September 18th 2017, 3-5pm
To enroll your child please
register at www.scigenius.com

Why SciGenius?

Quality & Safety

We maintain a higher ratio of qualified educators than that of our competitors. All of our staff are checked for criminal history (per SP-230).

Convenient & Familiar Location

Enjoy the convenience of SciGenius teaching your child in familiar surroundings without the need to travel far for extra curricula or out of school activities.

21st Century Skills

Studies show 21st century learning approaches improve student competency. All parents want their children to be successful in this ever changing world.

Our Educators

Proficient, passionate and committed to their area of expertise, our highly qualified educators transfer their passion and creativity to each STEAM concept.

State of the Art Technologies

We provide the latest tools and technology which allows each student to explore, think, develop solutions, and prepare for the future.
